

## ***Dexion Supports the Development of Ice Hockey in Malaysia***

Malaysian Ice Hockey Team

Malaysian Ice Hockey has received a major boost with the announcement that Dexion Asia will provide funds to help develop the sport.

In the first instance, Dexion will sponsor the Malaysian National Team to make their debut in the Asian Winter Games in Changchun, China, from January 28th to February 4th. The company will then maintain this financial support so that the Team can compete in international friendly matches throughout the season. In addition, local club, the Malaysian Wildcats, will receive funds and become known as the Dexion Wildcats.

Dexion Asia Managing Director, Frank Johnstone, was impressed with the commitment and dedication of the Malaysian ice hockey players and officials. "They have achieved a lot with little support. They have a big group of junior and senior players and they have been organizing a league," Johnstone said. "And now, they have overcome the odds to participate in the Asian Winter Games. Long ago, it might have been a mere dream for the officials and players, but today the dream has become a reality. It's a fantastic achievement and what we see in the team reflects the Dexion way – real integrity, high performance and an innovative approach."

Frank Johnstone, Managing Director - Dexion Asia

Eleven teams will feature in the Games – Japan, China, Kazakhstan, South Korea, North Korea, Thailand, Kuwait, United Arab Emirates, Macau, Hong Kong and Malaysia.

The team, comprising 18 players and 5 officials, left for China on January 22nd.
