

# S90 Shelving

## modular and versatile

Totally modular and versatile, it is the most complete adjustable shelving package and small part storage system available. Its flexibility allows it to grow as your business grows. Start simply and add on later, to the side, at the rear or even upwards. With a complete range of accessories the applications for this product are unlimited. S90 shelving can even be mounted on Compactus mobile bases and runners.

### Ideal for

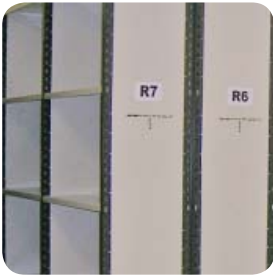

- Single tier, two tier application
- Compactus mobile storage solution
- Light to medium weight small items
